Larson, Fletcher, Catalpa, Bone, Kusnerick

All of these great coaches had more than the goal of winning a State Championship in common. They all understand the value of practice and teamwork. Now the advantage of a dedicated locker room facility can be part of our proud basketball tradition. We can create it – with the help of the best basketball fans in the state of Illinois.

Commitment Required.

Our goal to remain on top requires commitment. And commitment will help us create a state-of-the-art locker room facility for the Kahok basketball program. Our coaches and players currently are compromised in their quest for a championship performance due to the fact that four sports now use the present locker room facilities at Fletcher Gymnasium at Collinsville High School.

The Third Winningest Program in High School Basketball History

Despite being the third winningest program in high school basketball history – we are falling behind even in the SWC when it comes to locker room facilities. With your support, we can follow a blueprint for championships – combining the best coaches, players, fans and facilities – as we continue in our rightful place as THE BEST HIGH SCHOOL BASKETBALL program in the state of Illinois if not all of America.

The Future of Kahok Hoops

For the future of the Kahok basketball program, we need your support to give Coach K and the Kahok Basketball program a first-class locker room facility!

Are any state or school district funds being used to build the Practice Facility?

No- only private funds will be used to create the locker room facility out of the old Boy's PE office. The Kahok Basketball Program will receive no state or school district funding for this project.

What type of recognition will come with my donation?

Donors will have their name or business placed on a plaque that will honor all donors under their particular giving level.

What is the projected cost of the Practice Facility?

The current budget is \$10,000. Only private funds will be used to create the locker room facility.

Who do I contact about making a donation?

An online form can be found at the Unit # 10 webpage (<http://www.kahoks.org/>) and we can also be reached at 618-346-6320 ext 1231.

If we are the third winningest high school basketball program in the country, without a dedicated locker room facility, why do we need one now?

Kahok basketball is one of the premier programs in the country. We must have the vision and commitment to maintain our status as one of the best. Right now, we are behind with respect to locker room facilities. This new locker room will provide first class space for the basketball program, including state of the art lockers for players, scouting preparation location, film area and coach's office.

Will I be expected to make a contribution each year?

No - this is a one time only donation that is being asked to develop this project.

COLLINSVILLE KAHOKS BOYS BASKETBALL

Donations to the Kahok Basketball program are vital to the future of the program's success. With the Kahok Basketball Locker Room Capital Campaign, we encourage you to get involved and support your Kahoks. We need your support to make it happen.

Donors to the campaign will receive lifetime recognition either inside or outside the locker room facility. Gifts made directly to the facility project are 100% tax-deductible.

To make a donation or request more information about the Kahok Basketball Locker Room Capital Campaign, complete the form below or call Collinsville High School at 618-346-6320 ext. 1231 Monday through Friday from 7:30 am to 3:00 pm.

COLLINSVILLE KAHOKS BOYS BASKETBALL

September 10, 2006

Dear Kahok Basketball Fans,

As is true of all our programs, we are undergoing many changes that require an even greater commitment of resources to maintain such excellence. Participation in our Boy's Basketball Program has grown significantly in recent years and the excitement is back in Kahok Basketball. As a result, all our players have had to make due with the limited space for training and storage that is currently available in Fletcher Gymnasium. At the same time, the schools in our conference have all modernized their facilities in recent years. With that, the quality of competition is greater than at any previous time.

To ensure that the Kahok Basketball Program remains an important and integral part of our community, our conference and the state of Illinois, we must upgrade our present locker room facilities at the high school. With this renovation, we will triple the useable space for our basketball players and upgrade and modernize the facility fully.

To make the new Basketball Locker room a reality, it is necessary to raise at least \$10,000 in private funds from you, our alumni and loyal supporters. We are optimistic that you will respond to this request favorably, and in so doing; help sustain a long tradition that is among the most honored in Collinsville High School history.

Renovation of the old Boy's PE office into a Boy's Basketball Locker room is a tremendous opportunity for everyone involved. For the players and coaches, the project will solve the problem of limited space for a program that has been a jewel of the Collinsville High School athletic programs. In addition, the modernization of training and storage facilities will help to ensure the basketball program's continuing competitiveness.

Finally, for the High School and its alumni and supporters, this cooperative effort to provide supplementary funding will show once again the kind of meaningful achievements that are possible today through a vibrant public-private partnership. Through such cooperation, it is possible for the Kahok Basketball Program to achieve standards that are competitive with virtually any peer institution. Thank you for your dedication and generosity.

Sincerely,

Chris Kusnerick
Head Boy's Basketball Coach
Collinsville High School
