The Organization

Meet KAHOKstrong:

The student-based organization was created to assist students, staff, and families in the Collinsville Unit 10 (IL) community during times of tragedy. The group was started in 2013 to help one of their own teachers who was battling cancer. Though they tragically lost this faculty member after her short battle with cancer, Jacob Post and Toni Geisen, decided to keep the organization in place to assist others in the schools community.

Two memorial scholarships were created in honor of Fred Fierce (CHS assistant and coach who lost his battle against cancer) and Ryan & Sarah Stolcis (CMS & CHS teachers, respectively, who were married and both passed away from cancer within a year of each other). They are also proud to be able to offer the Kelley Liljegren Scholarship (Kelley was a CHS math teacher, who lost her long-fought battle against cancer). All of these scholarships are awarded to CHS seniors at the end of the school year. In addition to these scholarships, *KAHOKstrong* purchases Christmas gifts for Unit 10 families students/families who are in need to help provide their children with gifts to open on Christmas day.

KAHOKstrong has been blessed to have so many people support the organization; and because of that support, they are able to help more and more each year. We hope you can join us this year at the Gathering of Trees + Winter Market to support this fantastic organization.
